### About **Silent Night! Holy Night!**

The words to the famous Christmas Carol are a poem written by Joseph Mohr in 1816 when he was living in Mariapfarr in the Lungau region of Germany. Two years later, when he was an assistant priest at the newly established parish of St. Nicholas in Oberndorf, Father Mohr gave the poem to the church organist Franz Xaver Gruber and asked him to write a melody for 2 solo voices with choir and accompanied by a guitar.

Stille Nacht! heilige Nacht! was first performed in the Christmas Mass on Christmas Eve, 1818 with Father Mohr singing tenor and playing the guitar and Franz Gruber singing bass. The new song was met with the general approval of all in attendance.

The first known performance in the United States took place near New York City's Trinity Church in 1839. The standard English version was translated by the Episcopal priest John Freeman Young, assigned at the time to the same Trinity Church associated with the 1839 performance.

On the site of the former St. Nicholas Church in Oberndorf (near Salzburg) now stands the Silent-Night-Memorial Chapel. More information can be found at the official website of the Stille Nacht Gesellschaft [www.stillenacht.at](http://www.stillenacht.at).
